The Role of Adult Helper.

To run any event, adults are required to run the activities. It is vital to the success of the event that there is at least one parent helper per four Joeys for ***the entire duration of the event*** (i.e. 3.00pm to 7.00pm). Without this assistance it is impossible to ensure each activity is properly supervised. Helpers can tag team as long as this is organized with the person conducting the event.

Adult Helpers are to report to the Reception. You will receive instructions for your assigned activity. Adult helpers will then make their way to the designated activity for further instruction by the Activity Leader.

Adult helpers are not required to organise the activity prior to the event, just be there on the day to staff each one. Each activity will have a person in charge who will issue the relevant instructions.

This way it reduces the need to call on other sections so heavily (such as the Rovers and other Leaders, who are also trying to run their own section).

We appreciate your help in this matter.

NOTE:-

Parents/Guardians are advised that Photographic & Video footage may be taken of this event for record purposes and may be used for promotional purposes by the Association in the future.
