

Cub Scout Activity Badges

This years Cub Scout Activity Badges will include:

- Water Activities Day
- Have A Go Challenge
- Scitech Night
- Cub Scout Wide Game
- Cub Scout and Joey Scout Zoo Day
- Cubilee

All these badges have been designed to make up a snake/python (Kaa) pattern. The head and tail badges are now available and a **Badge Order Form** to get the Snake Head and Snake Tail badges is attached. The badges will be sent at no cost to you.

Please remember that activity badges are not supposed to be worn on the Cub Scout uniform. Similarly the Snake Head and Tail Badges are NOT to be worn on the Cub Scout uniform. Cub Scout Leaders do NOT wear activity badges.

The reason for the snake design was to make a group of badges that would go well on a dilly bag, camp blanket or similar. If a group wants to put these badges onto their activity shirt that is an individual group decision. Remember this design will now be used for a number of years to come. In future years we will design the year badges as both tails and body badges so if a Cub Scout wants to make a long snake for all their time in Cubs they can. These were not made for 2009.

As can be seen the photos the badges (showing the first 4 activity badges) can be arranged in many ways and their arrangement is up to the individual.

When completing the attached form please note that badges will only be issued to **invested and registered Cub Scouts and Leaders**. This form can be used each term (once a term preferred) to order additional Snake Head and Tail badges as required.
